

Spring Beach Sweep on Daufuskie

**Saturday, April 23, 2016
3:00 p.m.**

The Daufuskie Island Conservancy in partnership with the Haig Point Environmental Committee will organize a Spring Beach Sweep on April 23, 2016, at 3:00 p.m. to celebrate Earth Day this year. Volunteers are asked to gather at one of two locations on Daufuskie:

Beach Road Gazebo at Bloody Point
Calibogue Beach Club at Haig Point

Last April, fifty volunteers scoured five-plus miles of beachfront and, in addition to filling 32 trash bags, more than 200 pieces of wood and construction materials and larger debris (buried tanks, fiberglass boat decks, and an assortment of fishing gear) were hauled to the county dump.

Please plan to join us to clean up the shoreline around Daufuskie. Aquatic debris is a danger to our wildlife, our safety, and our economy. Fish, birds, turtles, and other animals often mistake trash for food. As a result, animals get entangled in or ingest litter with deadly results. Daufuskie Island is so fortunate to have such a variety of aquatic life in our waters.

To volunteer contact: Eileen Pojednic at erpojednic@aol.com/843-842-6770 or Yvonne Clemons at yclemons@columbus.rr.com/843-785-7490
